

M.I. Number	TTW – 32385v1 – 009
Date Issued:	Wednesday, 21 December 2022
Unit Standard: Number, title, version	32385 – Apply enabling good lives principles Version 1.
Issue:	A restrictive clause in the assessment note of this standard is creating challenges in those who are caring for individual care situations and the standard requires personal plans for two different people.
Interpretation:	While this is not identified as an error in the development of the standard, the challenge posed is unreasonable and is being amended to account for multiple care contexts.
Action Required:	Guidance Note 2 – ‘Assessment’ to be amended to permanently exclude <ul style="list-style-type: none">• “include personal plans for two different people”.
Status	ACTIVE.
Resolution:	Providers with presently enrolled learners can adapt the assessment with the amended guidance note. This standard is going to be revised to include the above required action and will be republished as version 2. Providers will not need to submit materials for pre-moderation but can voluntarily submit updated materials as a matter of record.
Expiration:	This interpretation expires when V1 is superseded.
