|------------------------|----------|
| Available grade | Achieved |
|------------------------|----------|

| | |
|----------------------|-------------------------------------|
| Prerequisites | Unit 6401, <i>Provide first aid</i> |
|----------------------|-------------------------------------|

Guidance Information

- Reference
New Zealand. Toitū te Waiora. (2022). *First Aid as a Life Skill: Training Requirements for Quality Provision of Unit Standard-based First Aid Training*. Available at: [First Aid qualifications - Toitū te Waiora \(toitutewaiora.nz\)](https://www.toitutewaiora.govt.nz/first-aid-qualifications).

- Assessment conditions
Practices for first aid (knowledge and skills) must be consistent with the current version of the *First Aid as Life Skill* document.

Competence must be demonstrated in a simulated emergency situation which involves people with major injuries and a medical condition by using different scenarios from a pool of scenarios developed by the provider.

First aid training provider assessment schedules or scenario checklists must contain scenario specific information on how each emergency situation and each person's major injuries and medical conditions are expected to be managed. This information may cover aspects such as the environment, number of people injured or unwell, number and description of bystanders, management of injuries and what the learner is expected to do in each situation.

- Definitions
Manage means monitoring of the entire emergency situation in addition to providing first aid. This includes the identification of and reaction to potential hazards to all people present.
Hazards include but are not limited to – electrocution, bodies of water, fire, hazardous chemicals, biological risks, presence of bodily fluids, the weather, road traffic accidents, gas contaminated environments.

Outcomes and performance criteria

Outcome 1

Manage first aid in an emergency situation.

Range a minimum of two people.

Performance criteria

- 1.1 Accident scene is assessed for situational hazards and to mitigate risks to self and others.
- 1.2 The person's major injuries, medical condition, and the emergency situation are assessed and managed according to the *First Aid as a Life Skill* document.

Range assess two major injuries from this range:
~~burns—~~at least one of chemical burns, ~~or~~ electrical burns, ~~major wounds—~~gunshot, impalement, stabbing, crush injuries, ~~amputations,~~ head injuries, ~~suspected spinal injuries,~~ internal injuries;
 assess one medical condition from this range:
 severe allergic reaction, ~~cold emergency,~~ heat emergency.
